

TIGPS- Alipurduar Newsletter

JULY 2024

Awakening is a continuous journey of discovery, growth, and enlightenment. Awakening is the freedom that comes from realizing our inner potential—personal, intellectual, emotional, spiritual, and social.

We are committed to fostering holistic awakening in our institutions, encouraging curiosity, nurturing talents, and vigorously pursuing dreams. For students, awakening means recognizing their unique strengths and interests, exploring new subjects, engaging in extracurricular activities, and challenging themselves to achieve new dreams.

As we embrace holistic growth, let us strengthen our belief in the power of an open mind and a willing spirit. In learning, personal growth, or community engagement, awakening unlocks boundless possibilities and transformative experiences. Together, let us awaken to the limitless potential within each one of us.

VALUE OF THE MONTH : AWAKENING !!

Machilakath Abdul Rahim, an Indian from Kerala had spent 18 years in Saudi prison. In a rare show of benevolence and solidarity, Hindus, Christians and Muslims came together to raise Rs 34 crore needed to secure Rahim's release from prison and send him back home . It was an apt Eid-Vishu gift, as the holy month of Ramadan coincided with Vishu, a Hindu festival celebrating Malayalam new year. **Hands raised in prayer for saving life of an Indian** shows the power of unity and compassion. Rahim's mother, Fathima, who has not seen him since the day he left in 2006 is waiting with bated breath for her son's homecoming.

School Activities

House Activity - Students from classes V to X from the four houses (Netaji, Vivekananda, Tagore and Teresa) took part in making crafts like pen stand, wall hangings etc. Students in groups came up with mind blowing creative pieces of crafts. Apart from being in a competitive spirit, they also learnt the effort of team work.

Commencement of new session - The school was filled with bright summer vibes with the arrival of students for the new session. April marked the beginning of a bright, hopeful and eventful upcoming academic session. The echo and buzz of our students filled the corridors and playground which was missed for a month. Hand in hand we look forward to a hale, hearty and happening session 2024-2025.

Exhibition- Albert Einstein mentioned that the only source of knowledge is learning. To encourage hands on learning and inspire team spirit amongst peers a science, social science and maths exhibition was held during the month of April at the school campus. The exhibition 'Creativity Beyond Boundaries' was an event where the intra-school highlight was exhibitory models from various fields of social sciences exhibiting the cultural diversities of India.

Eco-Initiatives & CSR

On the tree plantation designated day, students gathered in the area adjacent to the school field for plantation. Each student was assigned a tree sapling to plant. The process was carried out with utmost care, emphasizing the significance of nurturing the planted trees. Students exhibited their enthusiasm and interest to nurture our environment through the plantation drive.

A Health check-up camp was setup in Tapshikhata Bazaar area and Mathura Tea estate area to monitor various health parameters like Blood Pressure, Weight, Height, Body Temperature etc. of the local people in presence of Dr. Pulak Biswas (Health Assistant). The locals and villagers around were benefitted by the initiative and conveyed their well wishes upon us. Similar health check-up camps are set up at various local villages every month to ensure access of basic health facilities to the underprivileged people of our society. This is an initiative of the SRC Foundation that touches the lives of people from remote areas of our district.
